Arab Quality Standard Advertising

Who We Are

Arab Quality Standard Services has founded a billboard factory which manufactures, installs and maintains all types of indoor and outdoor advertisement billboards, signage's, metal structures, and electronic billboards in order to meet our clients' demands in both the public and private sectors. Mupis, backlit billboards, T-poles, super structures, unipoles and metal structures of all shapes are locally manufactured by AQS to meet the demand for new advertising locations across KSA. The factory also provides all the necessary maintenance requirements for existing billboards in terms of electrical and mechanical repairs. AQS factory enjoys specialized hi-tech equipment for the manufacturing of all types of state of the art billboards, matching or even exceeding the technology provided by all the other competing companies.

We started our first sign business in a small office in Bahrain. After years of continuous growth and success, Arab Quality Standard Advertising opened its doors in Kingdom of Saudi Arabia in 2010 to expand its services globally. Over our 12 years of international experience, we have maintained our deeply rooted beliefs in :

- > **CLIENT VALUE**
- > **ASSURED QUALITY**
- > **RELIABILITY**
- > **EXCELLENT SERVICES**

Our architects, designers, project managers and engineers combine their talents with our highly skilled workforce to provide our clients with the best of quality and services. Our multi-talented team have the ability to meet challenging deadlines and enjoy undertaking any type of project. At Al-Qusor signage Contracting Est. we are passionate because we are in love with what we do.

Work Force

We believe in quality at source. Our quality policy is Customer Satisfaction by ensuring that the customer requirement is being identified and met. Quality of the products and services is ensured from collecting the information from the client till the final handover of the project.

Services we offered
